Strategic Plan

Clyde, Alberta

- 1) Quality of life
- 2) Growth & Development
- 3) Communications
- 4) Enhancing Collaboration

2023-2027

Friendly Place with a Friendly Face

Council has Adopted a Brand New Four Year Strategic Plan for the Village!

This plan covers four focus areas to guide the growth of the Village into 2027. It considers the vision, mission, and values which are important for creating opportunities to increase prosperity and improve the quality of life for everyone in the Village.

Make sure to check it out on our website @ www.villageofclyde.ca
or come in to the Village office (4812-50 St) for a copy.

Safety
is Important!

The Village of Clyde Council received a number of concerns regarding speeding on 47th Avenue, which is also the Village truck route.

The safety of Village streets are a top priority so a **new** 3-way stop has been installed at the intersection of 50th Street & 47th Avenue with the intent to slow down traffic. Please drive safe!

Land Use Bylaw & Municipal Development Plan

Open House

Clyde Senior's Centre
4714-50 Street
September 12, 2023
5:00 PM to 7:00 PM

What is a Land Use Bylaw? A Land Use Bylaw establishes regulations for various types of development. The bylaw includes what types of developments are allowed or prohibited, and the application decision-making processes for subdivisions and developments.

What is a Municipal Development Plan? A Municipal Development Plan is a document that sets the vision for future development of a community, and provides long-range guidance for future growth.

Back to School Safety Reminder

School is BACK!

Reminder: Drive the speed limit and use speedbumps properly! School has already begun, so let's keep our sidewalks and roads safe for our children!

Our Apologies

We understand the frustration of residents and visitors when they were surprised to see the new locked gate at the public works yard blocking access to the Sani-Dump station during the August long weekend.

Regrettably, there was an oversight in communication, and the information about the operational hour update had not been re-posted since spring 2023.

As a result of theft from the public works yard, increasing costs due to ongoing misuse of the compost pile and liability concerns of both residents and non-residents having access of the public works yard, 24 hours a day - 7 days a week, discussion relating to the compost pile and Sani-Dump were brought to Council for review in October 2022.

While, operating hours had been included in the May Newsletter, the new gate installation, which was completed on August 3rd, enforces the accessible hours for both facilities.

The Westlock Regional Waste Management Facility is open Tuesday-Friday from 10:00am to 5:45pm and Saturday from 9:00am to 4:45pm if you need to dump your compost after hours.

Compost site will be reviewed by council in October 2023, and Administration is anticipating that construction of the new Sani-Dump location will be underway later this fall.

New Hours
Effective May 1
Monday - Friday
8:30 Am - 4:30 Pm
Closed on Holidays

Thank You to the Public Works Summer Students

This summer, Suber (left), and Kaedyn (right), have been working hard to help keep the Village looking good. Be sure to give them a wave for all the hard work they've done to support the Village over the summer. Best wishes to them as they head to University!

Capital Infrastructure Investments & Budget 2024

What do you want to see happen in our village in 2024? Are there community programs & services that you would like to see in the village? Do you have ideas or areas to improve related to sidewalks, roads, and/or alleys? What ideas do you have for our parks?

Council would love to hear all of your ideas.

Please call the office to share them.
